## ➔ From elite sport to your clinic

A 25-minute session of WONDER® produces the same muscle building, metabolism rate improvement and calorie consumption as several hours of training in the gym. The results are visible already from the second week.

## ➔ Six areas at the same time

Legs, abdomen, buttocks, arms, obliques, adductors... simultaneously, independently and differentiatedly, WONDER® acts simultaneously on several muscle groups to offer a generalized and radical muscle toning experience.

## ➔ Wireless and multi-user

WONDER® is remotely controlled by a tablet that keeps you informed in real time of all the treatment parameters as well give you complete flexibility to create a customized treatment for every patient. Wonder specialized models can also deliver treatment to up four patients at the same time, each one of them in a personalized way.

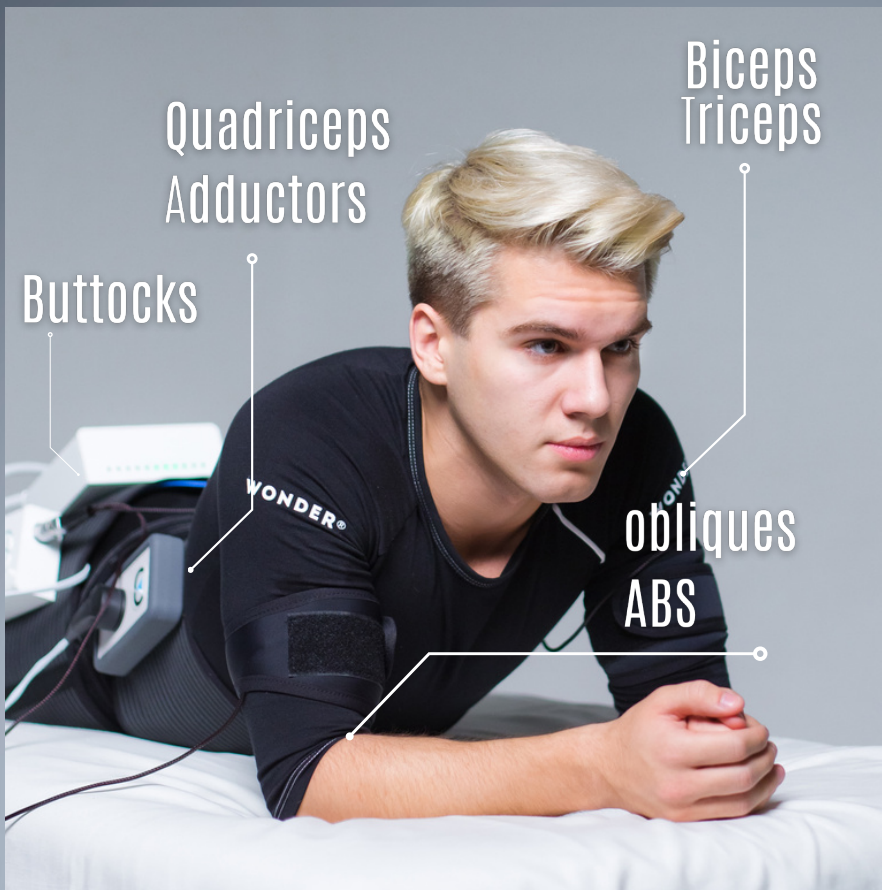

## Electromagnetic and Neuromuscular emissions: double action and efficiency.

All scientific studies claim muscle mass as a health parameter at par with blood pressure and heart rate. It is important to maintain good muscle mass to lead an active and healthy lifestyle. With WONDER® it is possible to develop muscles without spending long hours in the gym or subject ourselves to exhaustive fitness sessions.

Unlike conventional slimming treatments, deeper muscles are reached with Wonder, improving intra and intercellular coordination. Therefore, the treatment produces a much faster and effective effect than conventional slimming treatments.

## Immediate benefits of WONDER®:

- **Buttocks Shaping and Toning**
- **Toned Legs & Arms**
- **Defined Abdomen**
- **Cellulitis Reduction**
- **Increased Strength and Endurance**

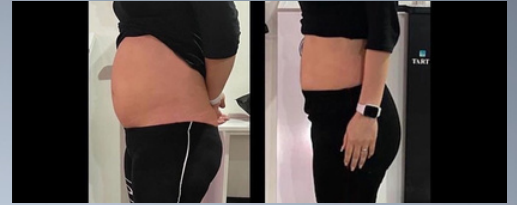

## The Most Powerful Technology for Radical Muscle Toning.

Get ready for a unique experience. All over the world, professionals are experiencing a true revolution that has changed the way of seeing body shaping and beauty. It has gone from the old localized fat treatments to modern muscle building and fat burning systems with technologies previously used only in elite sports.

Wonder allows you to obtain immediate and permanent results in fat loss, toning, muscle regeneration, rehabilitation and skin rejuvenation treatments. With Wonder, the most flaccid muscles are rehabilitated and strengthened, improving the blood flow of the surrounding tissue, fighting cellulite and the accumulation of localized fat.

**1 Session  
=  
3 hours of gym**

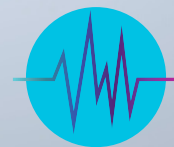

Wonder® is the first and only device that combines Localized Electromagnetic Emission (5 Tesla) and High Intensity Selective Neurostimulation (60ma). 700 μs pulse width allows Wonder to reach up to 15 centimeters deep and reduces even visceral fat.

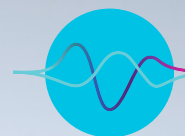

**Double action,  
Double Efficiency.**

There are many reasons to add WONDER in your clinic. NO CONSUMABLES also makes it an extremely profitable treatment. It's a leap into the future, where your customers will become your promoters as they will join the new trend of accelerated muscle building and fat reduction.
